# DecoStyle TROCAL 88+.

## Design whatever and however you want.

**This foil system from TROCAL gives windows a completely new look. Applied to both sides or only the outside of a window, DecoStyle is ideal for adapting high-quality PVC-U profiles elegantly and harmoniously to any architectural style. Our latest range of colours offers you laminates in modern wood grain designs and various colours with structured surfaces. DecoStyle is manufactured as an embossed multiply laminate based on PVC-U that is applied to the profile.**
